No. 16 January, 1984

TOKEN INDEX

by Alon Jeffrey and Jerry Schimmel

The following listings were made up largely from the Christenson and Stone Auctions as they appeared in the TOKEN & MEDAL SOCIETY JOURNAL approximately between December, 1977, and December, 1979. The basic pick and shovel work for this project was done by Alon Jeffrey. Jerry Schimmel took data from several collections and which were used to be more correct about the tokens' provenance. The stores' names appear first, then the town and state. A number may or may not be found at the end of the line which refers to the particular C&S sale from which the listing was taken. At best the pieces represented here are a fraction of those produced and circulated. For more information on where tokens come from see Paul Cunningham's sales list of June, 1980, Lew Ferguson's, Gary Patterson's and Gary Pipher's catalogs of Iowa, New Jersey and New York pieces. Shorter works by Glenn Ijima and Ken Eckardt & Bob Lyall exist on Guam and the U.S. Virgin Islands.

(Concluded in the APRIL issue)

The work that takes up most of the pages of this issue was mainly the brainchild and elbow grease of Alon Jeffrey, our long-patient Mavericks Editor. Putting it together was an enormous, time-consuming task - something not done very often. It was hard enough for me to just type it and add a few listings, correct bits of misinformation, etc. So, the really BIG hand should go to Alon! We will finish it with the next issue.

ABOUT THE FINAL EDITION

FSCN will complete four years of operation and then some next April. I am shutting it down with that issue since I am getting busy with other things that have to do with making a living, and I just need a rest from it. My plan is to stop publication for one or two years. So the April issue will be it.

On the other hand if someone would like to take a crack at running it, I would certainly provide support and ideas. If the old club idea seems appropriate, that is another possibility. Paul Cunningham suggested "a corner in the TAMS JOURNAL" which is a good idea. I will certainly submit some of our back articles to Dave Schenkman as time passes. Other ideas are welcome and there's one more issue.
